

Instead of a regular meeting, The Bicycle and Pedestrian Task Force will participate in a community workshop to discuss the City's Pedestrian Plan on Thursday, March 18, from 5:30 to 7:30, with a presentation by City staff to begin promptly at 6:00pm. A flyer and press release are attached - please feel free to pass along or to post as you feel appropriate. Citizens are invited to bring a photograph to share of a pedestrian hazard or need.
