- New TDM program “Go Mountain Commuting” has the goal to assist companies and individuals with ridesharing options such as finding funds for workforce vanpools and maintaining the Share the Ride NC website. Examples of current projects: Transylvania Vocation Services vanpool, Enterprise Car Rental Company’s “Rideshare,” and the UHaul share cars.
- Other proposed projects related to active transportation: establish Park & Pedal Lots, support bike racks on inter-city buses and expand Strive Not To Drive regionally.

 - Group will provide input into the Pedestrian Master Plan RFP (due out Fall/Winter 2018)
